*As perfect as you always
dreamed it would be. You've
waited a lifetime for this day.
The day you will remember for
the rest of your lives.*

At The Hilton Sandestin Beach Golf Resort & Spa, we understand that every wedding is unique and each detail is important. That's why our Romance Director always starts with a blank page and an open mind. The Hilton Sandestin is unique in that we offer an array of locations for the ceremony, reception and rehearsal dinner. Is it your dream to recite your vows with the sun melting into the emerald Gulf waters behind

you? Do you envision a poolside affair with candles floating in the water and a sea breeze drifting through the air? Or is your dream something more regal? In which case, our 10,000-square-foot Emerald Ballroom may fulfill your desire precisely. The possibilities are practically endless. And when it comes to the menu, the choices are equally impressive. For a seated dinner, a cocktail reception, a brilliant buffet or anything in between — our culinary staff will bring its passion to the table. They are, after all, renowned for their creativity, fresh concepts and unique presentations. And to ensure that the day is serene and special, the bridal party may enjoy some “me-time” at our luxurious Serenity by the sea Spa—for manicures, pedicures, salon treatments or a soothing wedding day massage. To complement the occasion, we offer Parlor suites, Hospitality suites, Presidential suites and 600 beautiful guest rooms just steps from the beach. So whether you want a wedding for 10 or 1000, at sunrise or sunset, we promise an affair to remember.
